PANIC SIGNS DISAPPEARING.

business outlook in eastern states is al work. The January number connominented upon in an interesting tains articles on "New Mexico Under suit of being asteep muuner by the Philadelphia. Tele- Mexican Administration, 1822-1846, graph as follows "Evidence accumulates that

industrial conditions are rapidly improving in this and other states. One item of evidence is found in a report from Pittsburgh that following the placing of orders for 125,000 tons of steel In that district some \$60000 men who have been unemployed for several weeks will be engaged at steady work before the end of the present week

"It is the confident prediction of reliable observers that the advent of spring will find business and industrial conditions in the United States well established upon a scale unexcelled since before the depression of 1997. They are already moving swiftly toward that point. The new tariff law is no longer a- mystery to business men, sources of credit know what to anticipate under the provisions of the new currency law and the Washington administration faces another seasion of congress without any program of economic legislation at which business is likely to take

"The nation's only real danger of panic has been found in the talk of panie indulged in by timid and thoughtless persons. That talk has ceased. There are no clouds on the business horizon except the fleecy ones of assured prosperity."

DENUNCIATION PUTILE.

civil authorities do not appear to ac- other side. complish the desired results. There seems to be a natural perversity it human beings that makes them eager to do things that are forbidden, except where such things are so palpably injurious to seciety that enlightened self-interest joins in the crusade against them. But where amuse ments or practices are superficially harmless and have any attractive features, the average person stubbornly resists attempts of authority Macauley slandered the Puritans by suggesting that they hated bear-buiting not so much because it gave pain to the bear, but because it gave pleasure to the spectators,

In spite of resolutions, sermons of denunciation and ecclesiastical proscriptions, the laity largely follows its own sweet will as to popular amusements, says the St. Louis Globe-Democrat. This fact is finally impressing the most thoughtful churchmen and other methods of dealing with what all believe to be injurious to spiritual conditions in the churches board may well feel proud of its recare eing considered. One of the ord in wiping out the plague of leading churches of America, at scables from the countless flocks of each quadrennial general conference, New Mexico's sheep. LODGE DATES BACK TO MAY EIGHTH, 1851

Santa Fe. N. M., Jan. 39,-The Me. sonic lodge in this city has had a 1951, when, under the juridiction of the grand leage of Missouri, Most ezuma Ledge M., was given re charter. This old recently retained the local lodge from the grand lodge ired by them from having been nogt the grand lodge years ago, and now forms one

This fact was brought out in co nection with the fact that General John C. McFerran in whose memory his widow left the First Presbyterior church of Santa Fe a legacy of \$3,666, was supposed to have connected with the local Masoni odge. Investigation falls to develo any reference to him in the record of the early lodge of this city.
